A WINNER IN EVERY RESPECT. THE BMW 3 SERIES SEDAN WITH MODERN LINE OR SPORT LINE.

ORIGINAL BMW ACCESSORIES.

BMW EfficientDynamics
Less emissions. More driving pleasure.

via F30POST.com / BIMMERPOST.com

Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles can cause serious damage to wheels, tires and suspension parts. This is more likely to occur with low-profile tires, which provide less cushioning between the wheel and the road. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires.

ORIGINAL BMW ALLOY WHEELS BI-COLOR DESIGN.

BMW now offers weight-optimized alloy wheels in an exclusive Bi-color design. These Original BMW alloy wheels have a high gloss-turned finish on the visible sides and are protected throughout against corrosion with clear varnish.

With this new product, BMW is bringing multiple colors to an alloy wheel for the first time ever. A special industrial process allows multiple colors to be created in a precise and reproducible manner. No foils, no masking or peel-off required.

PASSION MEETS PERSONALITY.

One of the great strengths of the new BMW 3 Series Sedan is its individuality. This is best expressed by the new Modern Line and Sport Line trim choices. The Modern Line's accessories emphasize the new BMW 3 Series Sedan's dynamic elegance, while the Sport Line's exciting modifications accentuate its athletic prowess. In addition, Original BMW Exterior and Interior Accessories integrate perfectly with both lines. Selecting from the Modern, Sport and Original accessories, you can leverage the power of the new BMW 3 Series Sedan and create a vehicle that fits your individual personality.

POWERFULLY ATHLETIC FROM EVERY PERSPECTIVE.
